

Patrick König
COO

” *I am excited about the unique dynamics of our business model. We have the chance every day to make a change, to explore new horizons, to discover something new. We offer our employees a great deal of freedom in how they do their job, and our teams make very good use of that. It brings me great joy to be part of the team that leads CHEPLAPHARM and to support our employees in using that freedom effectively.* **“**

- Joined CHEPLAPHARM in 2018
- **Dipl.-Kaufmann/Master** in Business Administration (Martin-Luther-Universität, Halle/Saale)
